Dear Sir:

In response to the Office Action dated August 27, 2002 (Paper No. 5), please amend the above-identified U.S. patent application as follows:

In the Specification

Please replace the paragraph beginning on page 3, line 12 with the following:

a1

Although the AIMS and TES systems facilitate managing projects in a large company, project planning and managing is nevertheless relatively complex in most circumstances. To further facilitate project management in large companies, commercially available software has been developed. One available management tool or product is
